## Biographical/Historical note

General Anthony Wayne Vogdes (1843-1923) was a U.S. army officer and self-taught geologist and paleontologist. He served as president of the San Diego Society of Natural History from 1904 to 1923. With Frank Stephens, he established the Society's scientific publications series, the *Transactions*. The Vogdes trilobite collection is small, but diverse in terms of global coverage. His 40,000-volume scientific library is divided between the San Diego Natural History Research Library and the Huntington Library.
