

Take the City Nature Challenge

San Diego

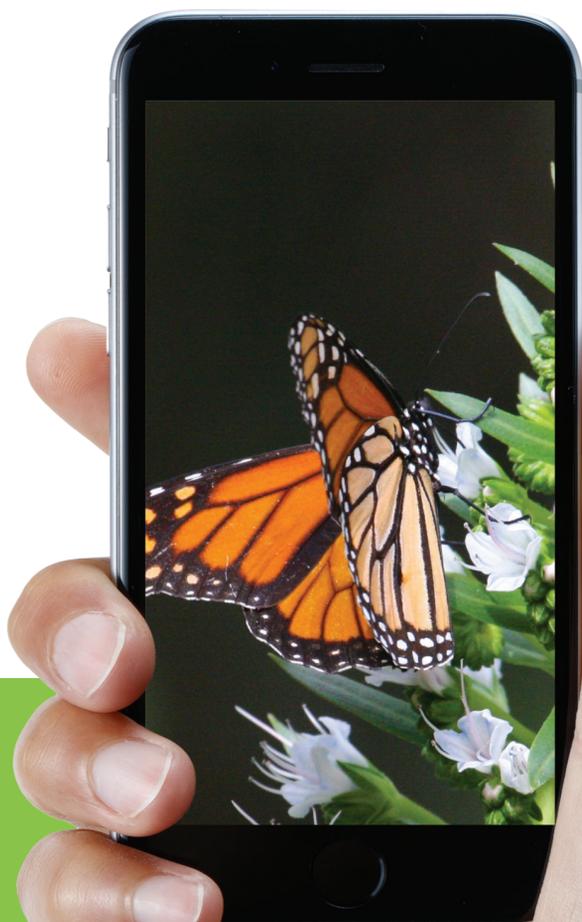

GET OUTSIDE AND PROVE SAN DIEGO
WINS AT NATURE!

April 26–29, 2019

Compete against other cities worldwide to show which city has the most nature. It's time to get outdoors, snap photos of local wildlife, then use *iNaturalist* to share what you find with actual scientists. The city with the most observations wins the science glory!

Participate on your own or at a City Nature Challenge event around the county.

Learn more at sdnat.org/cnc2019.

PARTICIPATING IS EASY

STEP 1
Find wildlife—plants and critters, big and small anywhere in San Diego County

STEP 2
Take a picture of what you find

STEP 3
Share on iNaturalist.org or use the *iNaturalist* app
