Parking Fee Information

Parking fees have been instituted or increased at many hike locations. Such information, where available at the time this schedule was prepared, has been included. Please check location websites or the phone numbers listed below for parking fee information as they are subject to change.

County of San Diego

A \$40 annual parking pass waives the \$3 parking fee (per vehicle) in all San Diego County Regional Day-use Parks. Seniors (62+) and disabled persons park free. Passes may be purchased at the County Parks and Recreation Office: 5500 Overland Ave., Suite P, San Diego, CA 92123. The office is open Monday–Friday, 8 AM–5 PM. You may purchase over the phone with a credit card by calling 858.565.3600. You may also purchase at all county parks.

Anza-Borrego Desert State Park

Generally, there is no day-use parking fee in Anza Borrego Desert State Park with the exception of the Borrego Palm Canyon Campground (\$8). There is also an overnight camping fee at this campground. For information call 760.767.5311.

Cleveland National Forest

California national forests, including Cleveland National Forest, require visitors to display a National Forest Adventure Pass in their vehicles when parked in a national forest for recreational purposes, including at trailheads in high use areas. A \$5 daily pass, or a \$30 annual pass valid for 12 months from month of purchase, is available at Forest Services offices and ranger stations, Adventure 16 and REI stores, and vendors within the forest. For information call the Descanso District, 619.445.6235, or the Palomar District, 760.788.0250, or visit www.fsadventurepass.org.

Cuyamaca Rancho State Park

A parking fee of \$8 is in effect for Paso Picacho and Green Valley Falls campgrounds. A \$125 annual pass is valid for state parks. Parking is free in “turn-out” sites where not prohibited. For information call 760.765.3020 or visit www.parks.ca.gov.

Legend for Hike Difficulty

E= Easy

I = Intermediate

D = Difficult

X = Extra boulder-scrambling, rough trail, low light, etc.)

Number is mileage rounded out to nearest whole number,

Elevation change (gain or loss)

A = up to 200 ft

B = up to 500 ft

C = up to 1000 ft

D = up to 1500 ft

E = greater than 1500 ft

Using the system above, Noble Canyon is D8E (difficult 8-mile hike with elevation change greater than 1500 ft). Maidenhair Falls is IX5C for boulder scrambling.
